

ENCODERS: Incremental, Absolute, Multi-Turn **1-3 DAY DELIVERY**

Sensors - Proximity, photoelectric & ultrasonic for harsh environments. RFID & Safety sensors and accessories.

Test/Monitor/Control: Pressure, Flow, Air Velocity, Level, Temperature and Humidity. Data Acquisition. Valves. W.E. Anderson, LOVE and MERCOID.

Timers, Counters, Relays, and a large inventory and repair of all modules and software for the Eagle Signal products.

Leaders in Quality Pressure and Temperature Instruments high end electronic and mechanical measuring instruments. **Bourdon USA** is the original Pressure gauge and our premium gauge line , thermometers, and accessories. **WGTC** offers a full line of industrial thermometers, bimetal thermometers, and thermometer accessories. **PIC Gauges** offers a high-quality, competitively priced line of pressure gauges, thermometers.

Saginaw Steel Enclosures TYPE 1, 3R, 4, 4X, 12 & 13.

Allied Moulded and **FIBOX®** Non-Metallic Enclosures (NEMA 1, 2, 3, 3R, 4, 4x, 12 & 13)

We Measure, We Control, We Record

Novus Automation offers the latest in data logger and data acquisition products, as well as Single and multi-loop controllers, temperature, humidity, pressure transmitters.

Nitrex / UPC Marathon Wauke / GM Furnace integrated heat-treating solutions and technologies globally. Nitrex is a leader of turnkey nitriding and nitrocarburizing systems. Heat Treating Services (HTS) a worldwide network of commercial heat-treating service centers; and UPC, a leading provider of controls upgrade and automation solutions for heat treating and combustion.

Temperature/Process Control including Networking, Single & Multi loop Chart Controllers
Partlow PID, Profile, Limit, & Self Tune Controllers RECORDERS

Radio remote designed, built, and programmed for each customer. Transmitter style, combination of controls, custom layout, and even logo. Mix and Match technology. Retrofit fully hydraulic handles.

Thermocouples, Wells and Wire. Connectors and Multi Circuit Jack Panels, Programmable Temperature Transmitters, etc.

Counters: Totalizing & Predetermining, Batch & Add-Subtract for production, monitoring and control. Proximity sensors and Ultra Precision Switches. Hub Odometer and TrailerLife Hubodometer

Intelligent Digital BarGraph Meters, Transformer Temperature Monitoring and Control Analog Meters, Panel Meters, Current Transformers

Automation Drives & Controls

WEG motor starters

Affordable SCADA monitoring and control solution for tanks, pump and lift stations, and treatment plants
Remote monitoring for municipal and industrial water, wastewater, public utility districts and sewer collection

Future Design Controls offers a broad range of temperature and process control, recording and Operator interface products for industrial, medical, wood kiln drying, scientific machinery and equipment.
